The banner ad is displayed in SAGE Online alongside the other information and options available to the distributor as they search for products in SAGE Online. Your banner ad can link to your products, up to 3 sales tools (which can be documents, audio, video, URLs, etc.), and gives distributors the ability to ask you a question using SAGEim or email.

Click the sales tools tab and add new file to add documents, audio, video, URLs, etc. Up to 3 sales tool links can be added to each ad.
