

# SAGE® NEW SUPPLIER INFORMATION

SAGE is used by distributors in the promotional products industry to research products, find suppliers, check on special offers, communicate with suppliers in real-time, and place requests and orders. If you sell to promotional products distributors, you are able to be listed in our database free of charge.

Your company is not currently listed in our database. Please supply the information on this form so that we can add your profile to SAGE to allow distributors to be able to find your company and your products. Please email your most current catalog, copies of any specials that you might be offering, and your coded pricing to [supplierupdates@sageworld.com](mailto:supplierupdates@sageworld.com). The SAGE database is updated on a daily basis, so as your new catalog comes out, or you run additional specials, please send those to us for entry into the system. Advantage members can also add and update information in real-time using the SAGE Supplier Center, FastTrack, or SAGE Direct Connect.
